

Getting Claims Paid, Settling Disputes & Contractual Obligations

BREAKFAST SEMINAR

Hosted by:

The T&T Contractors Association

and

The Institute of Surveyors of T&T

in conjunction with

The Dispute Resolution Centre T&T

In the construction sector, getting paid on time is critical. When projects halt, the economy halts and, contractors large and small, feel the pinch. Untimely payments can make or break a contractor. They may be forced to liquidate assets to pay suppliers, employees and financial institutions for loans and other overdraft considerations. Many of our local contractors and construction related companies have been affected by long outstanding payments.

This seminar provides a sound understanding of the principles and the fundamentals of a systematic approach to getting paid and settling disputes and contractual obligations in a timely manner.

Topics Covered:

- A. Recording and documentation of events
- B. Preparation of claims for payment
- C. Presentation of claims for payment
- D. Getting paid – ADR/Court Action

Participants will also be afforded insight into **alternative financial solutions** for maintaining liquidity.

Friday 13th May, 2011

T&T Chamber of Industry & Commerce
Columbus Circle, Westmoorings

8:30am to 12:00pm
